The Cottage September 2019

What is the Cottage for me? In the last 2 month it became my second home, my Aussie home.

I had such a great time. I learnt so many things regarding stable management, handle horses, ground work and riding.

I think I grew up a lot since I have been here. The horses are wonderful, you will find well trained dressage horses that you can ride everyday and two gorgeous foals. I usually rode 2-3 horses a day depending upon the weather.

I really enjoyed to spend time with Chris and Deb, the owners. Two amazing people with lots to teach. I had the possibility to improve mu riding skills and horse knowledge.

The farm is located 45 mins by train from Melbourne but around you can find everything you need and you will have time to explore the beauty of the Mornington Peninsula.

I am so grateful for the opportunity that I had, I will miss the Cottage so much. I'm looking forward to come back next year. I can't wait.

With love Denise – Italy
